SUBJECT: “And Justice for All” Poster Distribution

MESSAGE:

The USDA updated the “And Justice for All” poster in September 2019 due to a change with the poster graphic. Because of the impact of COVID-19, the Pennsylvania Department of Education was unable to disseminate or fulfill requests for the updated “And Justice for All” poster in 2020.

Included with this mailing is the updated poster to display at each site that participates in a Child Nutrition Program through the Pennsylvania Department of Education, Division of Food and Nutrition. The number of posters received is equivalent to the number of sites active in PEARS and one poster should be distributed to each site and displayed in food service areas in a prominent location.

If you require any additional posters, you may contact the Division of Food and Nutrition at the below email.
